God I love You  
I worship You with all my heart  
With adoration I give You the honor  
Oh God, it's the least that I can do  
Awesome are You God  
Forever You will rule upon Your throne  
Such an awesome God are You my God  
For eternity You will always reign

There's no God like You God in all the earth  
For Your name is far above all other names  
There's no power like Your mighty power  
Let all heaven; let all earth sing out Your praise

Awesome are You oh God  
Forever and ever You will reign  
Awesome are You my God  
Let all of the earth sing Your praise

The earth shows Your glory  
From the mountains to the valleys below  
And the stars shine in the heavens  
Declaring only You God reign  
And You will reign; forever and ever You will  
You will reign, You will reign, God You will reign  
(repeat chorus)
